

DEFENCE FORCE REMUNERATION TRIBUNAL

MATTER NO. 8 OF 2000

CREW ATTENDANT

Statement

We have considered the evidence and submissions of the parties in relation to this matter and in light thereof have decided to approve the proposed interim structure and allocate the Crew Attendant mustering to the Pay Groups sought.

The new structure and placements will apply on and from 1 July 2000.

We note that the structure is an interim one which will be subject to review and report back to the Tribunal at a date to be fixed in January 2001.

We note and support the need for non-reduction provisions. We agree that the application of those provisions should be the subject of further discussions between the parties.

The Tribunal commends the parties on their approach to this matter and we record our appreciation for the quality of the inspections and the presentations by the members of the category.

We will publish our reasons for this decision in due course.
